

Setup DEEC Wi-Fi in Iphone

To use this service you need a @deec.uc.pt or @uc.pt account!

IPhone DEEC Network Installation Manual

Introduction

In this document, the installation of the DEEC Wireless Network will be presented step by step. In the images in this document DEEC-Labs must be replaced by DEEC.

iPhone

Install the user profile, located at wifi_deec_mschap.mobileconfig.

In one of the installation steps, it is necessary to enter your user credentials (fields: "Username" and "Password"), as in the following example:

1585

Then it is necessary to press "Accept", as in the following image.

1586

Go to "Settings", "Wi-Fi", select the "DEEC" network, as in the following image:

1587

After completing these steps, the device accesses the network:
